

Fabricaciones Industriales Brimar

20 years Working in Solutions for Excellence

WHO ARE WE?

Brimar is a Mexican company, specialized in the import of metals for critical applications in the industry and fabrications metal mechanical for industries such Oil and gas, Steel mill, Food industry and general applications.

We offer a wide range of fabrications and materials in special alloys, stainless steel, carbon steel and many of requirements hard to find in the national market. We provide personalized technical advice on properties, applications, and processes.

We are distinguished by our commitment to speed, confident production, quality, quality certificates with every shipment and the delivery on time.

Brimar is the premier Business coordinator in the welding industry, marketing welding equipment, consumables and accessories of various brands. We also provide other services in the manufacturing industry like Equipment Fabrication, Surveyor Marine, Engineering Manufacturers, Aerospace , Shipyards etc. We share our immense knowledge and experience by conducting training programs.

We are committed to:

- ✓ Ensuring supply of high-fidelity raw materials to our customers.
- ✓ Quality being a cost saver and delivering it at the most competitive rates.
- ✓ Easing our clients all SCM and marketing woes.

MISIÓN

Provide Services, since its inception , provides the winning edge to its clients through its unique range of liaising services and its expertise in expedition, outsourcing inspection and fabrication.

Quality Policy

- ✓ A globally recognized service provider to the manufacturing industry & OEM's.
- ✓ A globally recognized service provider to the manufacturing industry & OEM's.

VISIÓN

✓ We are an extremely motivated team with a “Can Do, Will Do “ attitude and are eager to serve our clients 24 X 7.

More about us ...

We Providing Solutions to our customers for:

- ✓ Marketing of welding consumables & Equipment:
- ✓ Coordination Related to Engineering Procurement & Construction Project:
- ✓ Quality Management System And Consultancy:

SOME OF OUR PARTNERS:

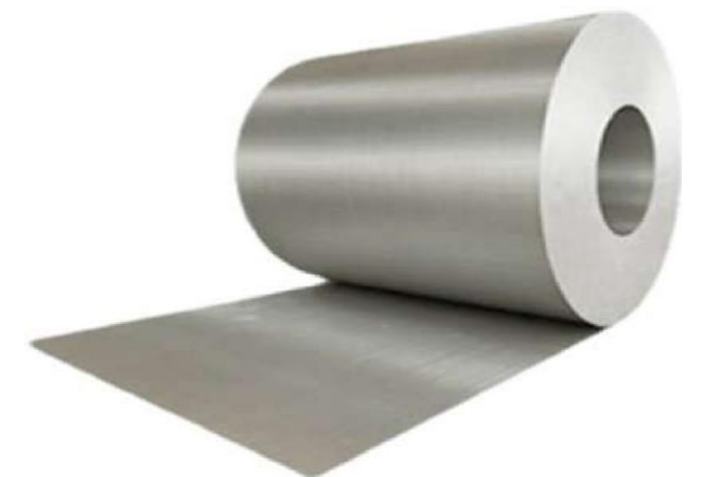

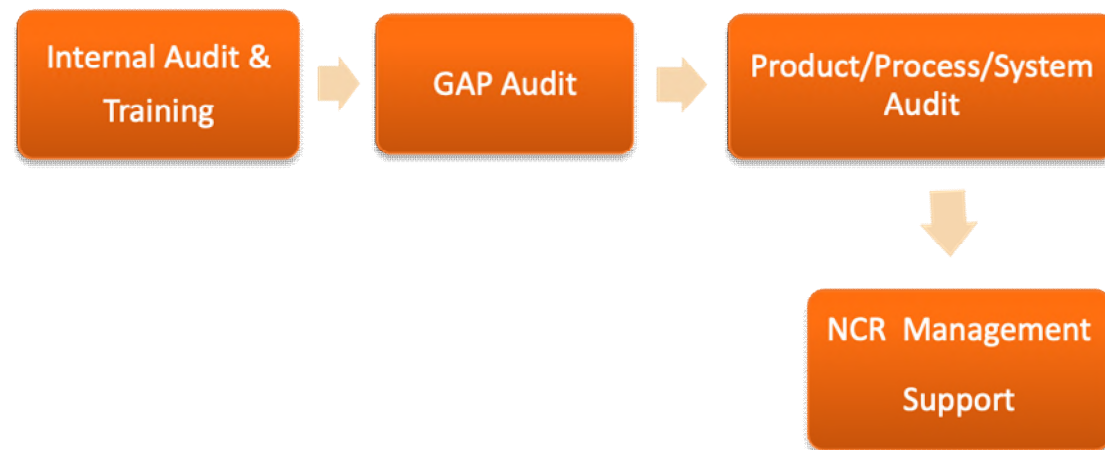

Welding consumables & Equipment

Procurement & Construction Project

Management System And Consultancy

MANUFACTURING PARTS...

We are an independent contractor, offering transportation services as well increase the commercial value and operations efficiency for our customers.

Our main indicators are:

- On time delivery
- Quality service
- Competitive pricing
- Flexibility to customer needs
- Honesty and transparency in our service

Processes used

- High definition-CNC Pantograph
- Cutting, with plasma and Oxyacetylene.
- Guillotine cutting.
- Drilling of profiles and plates by CNC drill.
- Electric arc welding.
- Micro wire welding.
- Argon gas welding (TIG).
- Submerged arc welding.
- Plate and profile punching.
- Rolling.
- Thermal insulation
- NDT Test (RX, UT, MT, PT, Stress Relief)
- Sand blast and Painting

FABRICATIONS

- Ladders and Platform
- Chimney
- Structures

FABRICATIONS

- Structures and casings
- Storage Tanks
- Silo
- Conveyors

FABRICATIONS

- Cranes
- Mixers (35 m)
- Fan Housing

FABRICATIONS

- Water cooler parts
- Elbows
- Panles,
- Transitions
- Ducts

FABRICATIONS

- Machinery parts
- Spools
- Stack or Pneumatic Banks
- Ducts

FABRICATIONS

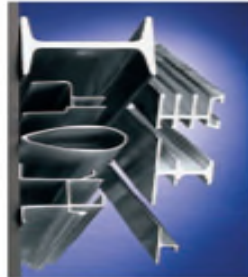

- Pressure vessel
- Atmospheric Tank
- Heat exchanger
- Distribution tank

FABRICATIONS

- Water Treatment
- Ducts
- Transitions
- Tanks
- Chute

Raw Materials Distribution

We are authorizing representants of Brands from

China
India
Korea
Europe
USA
Mexico

In Brimar,

- ✓ Is the source that you can count for unique depth expertise, superior information management system and proactive solutions
- ✓ We could supply all kinds of standard / specifications materials such as ASTM, DIN, EN, BST, etc. according to customer needs.
- ✓ We maintain the track to all requirements and use the most efficient transportation to ensure that you get your product when you need it. We offer 24/7 coverage to provide answers and solution around the worldwide.

We can Supply following products to the Industries.

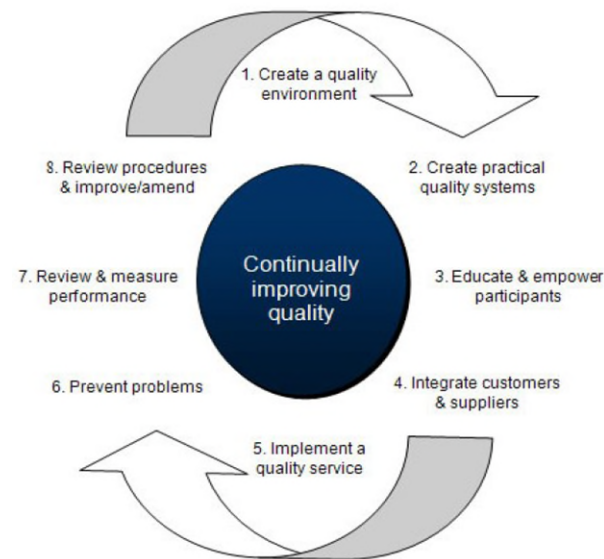

- ✓ TIG, MIG & SUB-ARC Welding wires in Nickel, Titanium, Zirconium, Bronze & Copper & other grades.

We take liasoning a step further and work as facilitators for the entire Supply Chain Management Process. Some of the products which fall under this service are:

- ✓ CS & SS Fittings : Reducer, Elbow, Tee, Concentric Reducer etc
- ✓ CS & SS Flanges : Socket Weld, Welding Neck, Threaded etc
- ✓ LAPP : For control cables
- ✓ STEEL : CS & SS Seamless & ERW Tubes.

(All the above material is supplied as per grades ASTM,DIN,ENetc.)

Quality Management System Consultancy

We enable organizations to set up Quality Management Services practices conforming to the ISO 9001:2008 standard, our ultimate goal being the successful ISO certification of our client.

We help clients prepare for:

- ✓ Internal Audit and Training.
- ✓ GAP audit.
- ✓ Product/Process/System Audit.
- ✓ Aerospace Quality Management System AS-9100

We assist them in:

- ✓ Preparation of Quality Manual, Procedures, Work Instructions and forms.
- ✓ Implementation support and training.
- ✓ NCR management Support.
- ✓ Improving Product/ Process & System.

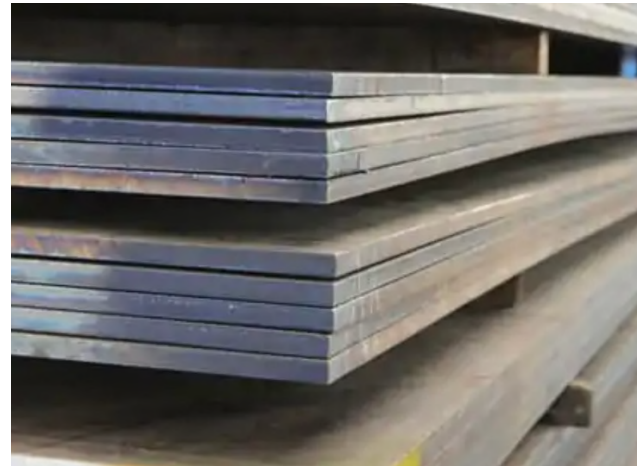

HIGH MANGANESE PLATES AND ROUND BARS

High corrosion ?

High

High Temperature ?

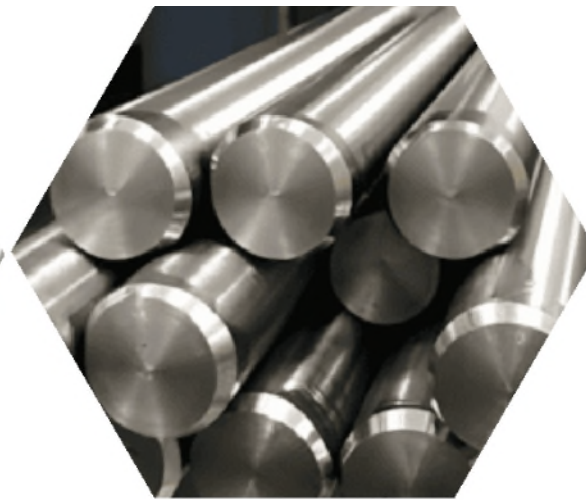

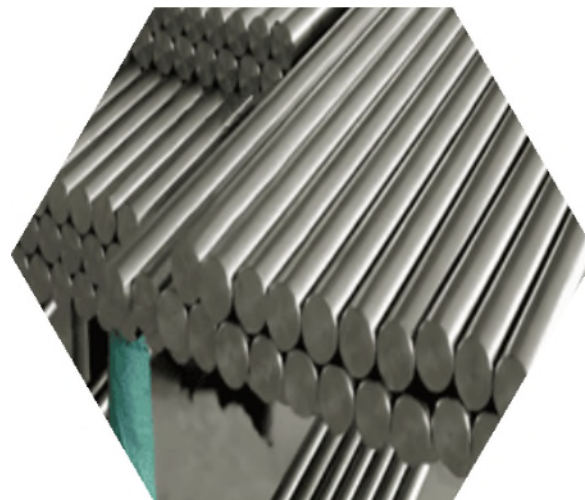

Severe abrasion and impact ?

STAINLESS STEEL T310S

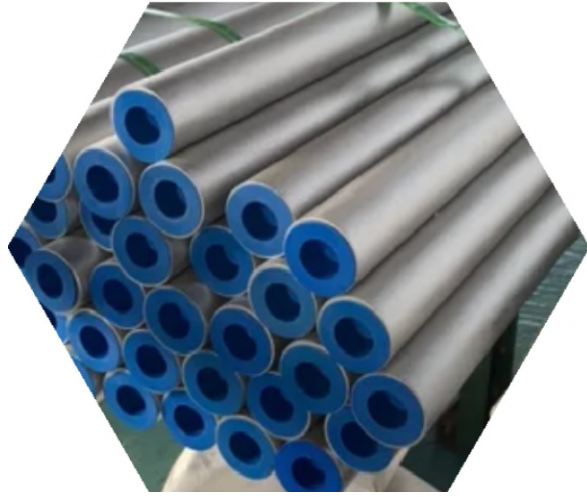

Sheets of 2.87 mm thick in stock

Applications: high temperatures, corrosion, critical processes.

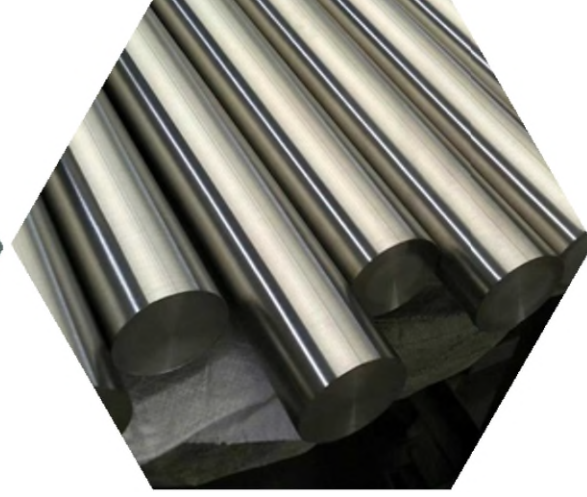

T-330
T-321

T-347
T-309

T-316H
T-310

T-904L

FORMS:

- ✓ Plate
- ✓ Sheet
- ✓ Bar (round, square, hexagonal)
- ✓ Flat bar
- ✓ Pipe and tubing
- ✓ Fittings
- ✓ Welding
- ✓ Wire
- ✓ Mesh
- ✓ Expanded metal
- ✓ Fasteners

- ✓ Titanium (Gr.1, 2, 5, 7)
- ✓ Alloy 20
- ✓ Hastelloy (C 276,C-22, X, G 30, C-4)
- ✓ Zirconium (702,704,705)
- ✓ Ferralium 255 Duplex Super Duplex
- ✓ Incoloy(800, 825)
- ✓ Tantalum
- ✓ Inconel (600, 601,617, 625, 750)
- ✓ Nickel 200/201
- ✓ Monel 400 / K500
- ✓ CuNikel
- ✓ Naval Brass

Plates, pipe and tubing...

- ✓ 516 Gr 70
- ✓ 516 Gr 60
- ✓ 516 Gr 50
- ✓ 572 Gr 50
- ✓ A36, etc

- ✓ SA 106 Gr B
- ✓ API 5L Gr B
- ✓ A53 Gr A, B, C,
- ✓ X42, X52, to X80
- ✓ A333
- ✓ Multi norm
- ✓ Seamless or welded
